# 01 Welcome

Healthcare has become more relevant than ever in recent times. In a scenario where this need has become extreme, especially pharmacy and pharmacist care have become one of the pillars for the population. In this program, pharmacy professionals are offered the most appropriate management tools to develop their activity with the necessary fluency in the most practical fields. In this way, they will have a more generalized vision of what it is to work in these centers that dispense drugs, which are of prime necessity for society in general. Therefore, the activity must be carried out following the highest quality standards, since any error can be harmful to the health of the users.

MBA in Pharmacy Office Management and Administration  
TECH Technological University

“

*A program of great interest for pharmacy professionals, within your reach with the impulse and excellence of TECH"*

02

# Why Study at TECH?

TECH is the world's largest 100% online business school. It is an elite business school, with a model based on the highest academic standards. A world-class center for intensive managerial skills education.

“

*TECH is a university at the forefront of technology, and puts all its resources at the student's disposal to help them achieve entrepreneurial success"*

## At TECH Technological University

### Innovation

The university offers an online learning model that balances the latest educational technology with the most rigorous teaching methods. A unique method with the highest international recognition that will provide students with the keys to develop in a rapidly-evolving world, where innovation must be every entrepreneur's focus.

"*Microsoft Europe Success Story*", for integrating the innovative, interactive multi-video system.

### The Highest Standards

Admissions criteria at TECH are not economic. Students don't need to make a large investment to study at this university. However, in order to obtain a qualification from TECH, the student's intelligence and ability will be tested to their limits. The institution's academic standards are exceptionally high...

**95%** | of TECH students successfully complete their studies

### Networking

Professionals from countries all over the world attend TECH, allowing students to establish a large network of contacts that may prove useful to them in the future.

**+100000** executives prepared each year  
**+200** different nationalities

### Empowerment

Students will grow hand in hand with the best companies and highly regarded and influential professionals. TECH has developed strategic partnerships and a valuable network of contacts with major economic players in 7 continents.

**+500** | collaborative agreements with leading companies

### Talent

This program is a unique initiative to allow students to showcase their talent in the business world. An opportunity that will allow them to voice their concerns and share their business vision.

After completing this program, TECH helps students show the world their talent.

### Multicultural Context

While studying at TECH, students will enjoy a unique experience. Study in a multicultural context. In a program with a global vision, through which students can learn about the operating methods in different parts of the world, and gather the latest information that best adapts to their business idea.

TECH students represent more than 200 different nationalities.

TECH strives for excellence and, to this end, boasts a series of characteristics that make this university unique:

### Learn with the best

---

In the classroom, TECH's teaching staff discuss how they have achieved success in their companies, working in a real, lively, and dynamic context. Teachers who are fully committed to offering a quality specialization that will allow students to advance in their career and stand out in the business world.

Teachers representing 20 different nationalities.

*At TECH, you will have access to the most rigorous and up-to-date case analyses in academia"*

### Analysis

---

TECH explores the student's critical side, their ability to question things, their problem-solving skills, as well as their interpersonal skills.

### Academic Excellence

---

TECH offers students the best online learning methodology. The university combines the Relearning method (postgraduate learning methodology with the best international valuation) with the Case Study. Tradition and vanguard in a difficult balance, and in the context of the most demanding educational itinerary.

### Economy of Scale

---

TECH is the world's largest online university. It currently boasts a portfolio of more than 10,000 university postgraduate programs. And in today's new economy, **volume + technology = a groundbreaking price**. This way, TECH ensures that studying is not as expensive for students as it would be at another university.

03

# Why Our Program?

Studying this TECH program means increasing the chances of achieving professional success in senior business management.

It is a challenge that demands effort and dedication, but it opens the door to a promising future. Students will learn from the best teaching staff and with the most flexible and innovative educational methodology.

“

*We have highly qualified teachers and the most complete syllabus on the market, which allows us to offer you education of the highest academic level”*

This program will provide you with a multitude of professional and personal advantages, among which we highlight the following:

01

### A Strong Boost to Your Career

By studying at TECH, students will be able to take control of their future and develop their full potential. By completing this program, students will acquire the skills required to make a positive change in their career in a short period of time.

*70% of students achieve positive career development in less than 2 years.*

02

### Develop a strategic and global vision of the company

TECH offers an in-depth overview of general management to understand how each decision affects each of the company's different functional fields.

*Our global vision of companies will improve your strategic vision.*

03

### Consolidate the student's senior management skills

Studying at TECH means opening the doors to a wide range of professional opportunities for students to position themselves as senior executives, with a broad vision of the international environment.

*You will work on more than 100 real senior management cases.*

04

### You will take on new responsibilities

The program will cover the latest trends, advances and strategies, so that students can carry out their professional work in a changing environment.

*45% of graduates are promoted internally.*

05

### Access to a powerful network of contacts

TECH connects its students to maximize opportunities. Students with the same concerns and desire to grow. Therefore, partnerships, customers or suppliers can be shared.

*You will find a network of contacts that will be instrumental for professional development.*

06

### Thoroughly develop business projects.

Students will acquire a deep strategic vision that will help them develop their own project, taking into account the different fields in companies.

*20% of our students develop their own business idea.*

07

### Improve *soft skills* and management skills

TECH helps students apply and develop the knowledge they have acquired, while improving their interpersonal skills in order to become leaders who make a difference.

*Improve your communication and leadership skills and enhance your career.*

08

### You will be part of an exclusive community

Students will be part of a community of elite executives, large companies, renowned institutions, and qualified teachers from the most prestigious universities in the world: the TECH Technological University community.

*We give you the opportunity to study with a team of world-renowned teachers.*

# 04 Objectives

This MBA will provide the student with the knowledge and techniques essential for the assumption and organization of the organizational responsibilities of a Pharmacy Office. A program that will enable you to lead and direct projects, of lesser or greater intensity and complexity, with the ability to manage smoothly and to direct successfully in all the fields in which this action is carried out.

“

*Our goal is to propel you to the highest competence, through real and constant support and the flexibility of self-managed learning”*

**TECH makes the goals of their students their own goals too  
Working together to achieve them**

The **MBA in Pharmacy Office Management and Administration** will enable the student to:

01

Acquire the knowledge and techniques that are essential to take on and organize the organizational responsibilities of a Pharmacy Office

04

Know how to manage all aspects of human resources

02

Learn about responsible management

03

Learn how to manage the financial area of the Pharmacy

08

Manage Human Resources

07

Perform economic and financial management

09

Optimize procurement and logistics

10

Manage the relationship with the patient/client

11

Establish communication strategies

12

Design and implement services to be offered from the Pharmacy Office

13

Implement a quality management system

14

Take responsibility and think in a transversal and integrative way to analyze and solve situations in uncertain environments

06

# Structure and Content

TECH's MBA in Pharmacy Office Management and Administration is a tailor-made program, taught in a 100% online format so that students can choose the time and place that best suits their availability, schedules and interests.

A program that takes place over 12 months and is intended to be a unique and stimulating experience that lays the foundations for success in pharmacy management.

“

*Through a specific and very efficient syllabus, professionals will acquire the necessary competencies for the management of pharmacies”*

## Syllabus

The contents of this MBA in Pharmacy Office Management and Administration are directed by experts in pharmaceutical management and administration, who bring to this program their experience and, therefore, their realistic and close vision of the professional reality, in a conscious and proactive way.

Throughout the syllabus, all the aspects of Pharmacy Office management will be explained and analyzed, learning the key concepts in this field, the processes of identification, definition, unification and coordination.

A journey that will lead students to the analysis of the keys to the success of projects in different environments, as well as to the reflection on the essential management of time on their way to efficiency, cost management, quality, resources, communications, risk assessment, procurement management and certifications.

All this development from the hand of professionals recognized and valued worldwide, to learn from the best; with the best learning system, and a stimulating and attractive educational process.

Another key to the success of this specialization is the possibility for the students to decide how to organize their learning: from the time, to the place and intensity of study. This ensures that this effort is fully compatible with personal and professional life, so that the student never loses motivation.

In this sense, the study is 100% online, although you can download the contents to continue offline if you wish. In addition, there will be illustrative videos, review audios and an online library with complementary material.

This program takes place over 12 months and is divided into 14 modules:

- |                  |   |
|------------------|---|
| <b>Module 1</b>  | The Responsible Management of the Pharmacy Office                   |

**14.7. Preparation of a Crisis Plan**

- 14.7.1. Analysis of Possible Problems
- 14.7.2. Planning
- 14.7.3. Adequacy of Personnel

**14.8. Emotional Intelligence**

- 14.8.1. Emotional Intelligence and Communication
- 14.8.2. Assertiveness, Empathy, and Active Listening
- 14.8.3. Self-Esteem and Emotional Communication

**14.9. Personal Branding**

- 14.9.1. Strategies to Develop Personal Branding
- 14.9.2. Personal Branding Laws
- 14.9.3. Tools for Creating Personal Brands

# 06

# Methodology

This academic program offers students a different way of learning. Our methodology uses a cyclical learning approach: **Relearning**.

This teaching system is used, for example, in the most prestigious medical schools in the world, and major publications such as the **New England Journal of Medicine** have considered it to be one of the most effective.

“

*Discover Relearning, a system that abandons conventional linear learning, to take you through cyclical teaching systems: a way of learning that has proven to be extremely effective, especially in subjects that require memorization"*

## TECH Business School uses the Case Study to contextualize all content

Our program offers a revolutionary approach to developing skills and knowledge. Our goal is to strengthen skills in a changing, competitive, and highly demanding environment.

“

*At TECH, you will experience a learning methodology that is shaking the foundations of traditional universities around the world”*

*This program prepares you to face business challenges in uncertain environments and achieve business success.*

### A learning method that is different and innovative

This TECH program is an intensive educational program, created from scratch to present executives with challenges and business decisions at the highest level, whether at the national or international level. This methodology promotes personal and professional growth, representing a significant step towards success. The case method, a technique that lays the foundation for this content, ensures that the most current economic, social and business reality is taken into account.

**“** You will learn, through collaborative activities and real cases, how to solve complex situations in real business environments”

The case method has been the most widely used learning system among the world's leading business schools for as long as they have existed. The case method was developed in 1912 so that law students would not only learn the law based on theoretical content. It consisted of presenting students with real-life, complex situations for them to make informed decisions and value judgments on how to resolve them. In 1924, Harvard adopted it as a standard teaching method.

What should a professional do in a given situation? This is the question we face in the case method, an action-oriented learning method. Throughout the program, the studies will be presented with multiple real cases. They must integrate all their knowledge, research, argue and defend their ideas and decisions.

*Our program prepares you to face new challenges in uncertain environments and achieve success in your career.*

## Relearning Methodology

TECH effectively combines the Case Study methodology with a 100% online learning system based on repetition, which combines different teaching elements in each lesson.

We enhance the Case Study with the best 100% online teaching method: Relearning.

*Our online system will allow you to organize your time and learning pace, adapting it to your schedule. You will be able to access the contents from any device with an internet connection.*

At TECH you will learn using a cutting-edge methodology designed to train the executives of the future. This method, at the forefront of international teaching, is called Relearning.

Our online business school is the only one in the world licensed to incorporate this successful method. In 2019, we managed to improve our students' overall satisfaction levels (teaching quality, quality of materials, course structure, objectives...) based on the best online university indicators.

In our program, learning is not a linear process, but rather a spiral (learn, unlearn, forget, and re-learn). Therefore, we combine each of these elements concentrically.

With this methodology we have trained more than 650,000 university graduates with unprecedented success in fields as diverse as biochemistry, genetics, surgery, international law, management skills, sports science, philosophy, law, engineering, journalism, history, markets, and financial instruments. All this in a highly demanding environment, where the students have a strong socio-economic profile and an average age of 43.5 years.

*Relearning will allow you to learn with less effort and better performance, involving you more in your specialization, developing a critical mindset, defending arguments, and contrasting opinions: a direct equation to success.*

From the latest scientific evidence in the field of neuroscience, not only do we know how to organize information, ideas, images and memories, but we know that the place and context where we have learned something is fundamental for us to be able to remember it and store it in the hippocampus, to retain it in our long-term memory.

In this way, and in what is called neurocognitive context-dependent e-learning, the different elements in our program are connected to the context where the individual carries out their professional activity.

This program offers the best educational material, prepared with professionals in mind:

### Study Material

All teaching material is produced by the specialists who teach the course, specifically for the course, so that the teaching content is highly specific and precise.

These contents are then applied to the audiovisual format, to create the TECH online working method. All this, with the latest techniques that offer high quality pieces in each and every one of the materials that are made available to the student.

### Classes

There is scientific evidence suggesting that observing third-party experts can be useful.

Learning from an Expert strengthens knowledge and memory, and generates confidence in future difficult decisions.

### Management Skills Exercises

They will carry out activities to develop specific executive competencies in each thematic area. Practices and dynamics to acquire and develop the skills and abilities that a high-level manager needs to develop in the context of the globalization we live in.

### Additional Reading

Recent articles, consensus documents and international guidelines, among others. In TECH's virtual library, students will have access to everything they need to complete their course.

#### Case Studies

Students will complete a selection of the best case studies chosen specifically for this program. Cases that are presented, analyzed, and supervised by the best senior management specialists in the world.

#### Interactive Summaries

The TECH team presents the contents attractively and dynamically in multimedia lessons that include audio, videos, images, diagrams, and concept maps in order to reinforce knowledge.

This exclusive educational system for presenting multimedia content was awarded by Microsoft as a "European Success Story".

#### Testing & Retesting

We periodically evaluate and re-evaluate students' knowledge throughout the program, through assessment and self-assessment activities and exercises, so that they can see how they are achieving their goals.

## International Guest Director

Internationally recognized for developing innovative solutions during the COVID-19 pandemic, Katherine DeSanctis, Ph.D., is a leading Pharmacist specializing in Operational Management. Her approach excels in applying leadership strategies to train clinical specialists and optimize Pharmacy services in hospital settings.

In this way, she has an extensive career, which has allowed her to be part of renowned health institutions such as the Mass General Brigham in the United States. Among her main achievements, she has led the digital transformation in institutions to provide quality care to patients in their homes. This has made it possible to improve processes to enhance both efficiency and safety in the distribution of medicines.

In this regard, her work has been recognized on multiple occasions. For example, her management skills in times of crisis earned her an international award in the healthcare industry. Likewise, specialized publications such as Becker's Hospital Review have published articles on his work, highlighting her avant-garde mentality.

Among her most notable contributions, she created a dashboard during the SARS-CoV-2 outbreak to foster employee engagement and improve organizational culture. This system improved employee retention and increased their motivation to deal with this difficult period.

At the same time, she has combined this facet with her work as a Clinical Researcher. Her areas of interest include pharmaceutical technology, drug safety and management. In this respect, she actively collaborates with the Vizient Pharmacy Council. In this way, she shares her solid knowledge on platforms such as YouTube to increase professionals' understanding of areas such as drug preparation, central distribution or perioperative Pharmacies.

## Dr. DeSanctis, Katherine

---

- ♦ Director of Pharmacy Operations at Mass General Brigham, Massachusetts, United States
- ♦ Director of Massachusetts General Hospital
- ♦ Resident in Pharmacy Management in Health Systems at UW Health
- ♦ Doctorate in Pharmacy from University of Illinois at Chicago
- ♦ Master of Science degree from University of Wisconsin-Madison
- ♦ Bachelor of Science degree from Villanova University
- ♦ Member of:
  - ♦ American Society of Health-System Pharmacists
  - ♦ Massachusetts Society of Health-System Pharmacists
  - ♦ Vizient Board of Pharmacy

*Thanks to TECH you will be able to learn with the best professionals in the world"*

## International Guest Director

With over 20 years of experience in designing and leading global **talent acquisition teams**, Jennifer Dove is an expert in **technology recruitment and strategy**. Throughout her career, she has held senior positions in several technology organizations within Fortune 50 companies such as NBC Universal and Comcast. Her track record has allowed her to excel in competitive, high-growth environments.

“

*Take the opportunity to learn about the latest advances in this field to apply it to your daily practice”*

## International Guest Director

Romi Arman is a renowned international expert with more than two decades of experience in **Digital Transformation, Marketing, Strategy and Consulting**. Through that extended trajectory, he has taken different risks and is a permanent advocate for **innovation and change** in the business environment. With that expertise, he has collaborated with CEOs and corporate organizations from all over the world, pushing them to move away from traditional business models. In this way, he has helped companies such as Shell Energy become **true market leaders**, focused on their **customers** and the **digital world**.

The strategies designed by Arman have a latent impact, as they have enabled several corporations **to improve the experiences of consumers, staff and shareholders alike**. The success of this expert is quantifiable through tangible metrics such as **CSAT, employee engagement** in the institutions where he has practiced and the growth of the **EBITDA financial indicator** in each of them.

Also, in his professional career, he has nurtured and **led high-performance teams** that have even received awards for their **transformational potential**. With Shell, specifically, the executive has always set out to overcome three challenges: meeting **customers' complex decarbonization demands supporting a "cost-effective decarbonization"** and **overhauling a fragmented data, digital and technology landscape**. Thus, his efforts have shown that in order to achieve sustainable success, it is essential to start from the needs of consumers and lay the foundations for the transformation of processes, data, technology and culture.

In addition, the executive stands out for his mastery of the **business applications of Artificial Intelligence**, a subject in which he holds a postgraduate degree from the London Business School. At the same time, he has accumulated experience in **IoT and Salesforce**.

## Mr. Arman, Romi

---

- ♦ Digital Transformation Director (CDO) at Shell Energy Corporation, London, UK
- ♦ Global Director of E-Commerce and Customer Service at Shell Energy Corporation
- ♦ National Key Account Manager (OEM and automotive retailers) for Shell in Kuala Lumpur, Malaysia
- ♦ Senior Management Consultant (Financial Services Sector) for Accenture based in Singapore
- ♦ Graduate of the University of Leeds
- ♦ Graduate Diploma in Business Applications of AI for Senior Executives from London Business School
- ♦ CCXP Customer Experience Professional Certification
- ♦ IMD Executive Digital Transformation Course

“

*Do you want to update your knowledge with the highest educational quality? TECH offers you the most updated content in the academic market, designed by authentic experts of international prestige”*

## International Guest Director

Manuel Arens is an **experienced data management professional** and leader of a highly qualified team. In fact, Arens holds the position of **global purchasing manager** in Google's Technical Infrastructure and Data Center division, where he has spent most of his professional career. Based in Mountain View, California, he has provided solutions for the tech giant's operational challenges, such as master **data integrity, vendor data updates and vendor prioritization**. He has led data center supply chain planning and vendor risk assessment, generating improvements in vendor risk assessment, resulting in process improvements and workflow management that have resulted in significant cost savings.

With more than a decade of work providing digital solutions and leadership for companies in diverse industries, he has extensive experience in all aspects of strategic solution delivery, including **marketing, media analytics, measurement and attribution**. In fact, he has received a number of accolades for his work, including the **BIM Leadership Award, the Search Leadership Award, the Lead Generation Export Program Award and the Export Lead Generation Program Award and the EMEA Best Sales Model Award**.

Arens also served as Sales Manager in Dublin, Ireland. In this role, he built a team of 4 to 14 members over three years and led the sales team to achieve results and collaborate well with each other and cross-functional teams. He also served as **Senior Industry Analyst, Hamburg, Germany**, creating storylines for over 150 clients using internal and third-party tools to support analysis. He developed and wrote in-depth reports to demonstrate his mastery of the subject matter, including understanding the **macroeconomic and political/regulatory factors affecting technology adoption and diffusion**.

He has also led teams at companies such as Eaton, Airbus and Siemens, where he gained valuable account management and supply chain experience. He is particularly noted for continually exceeding expectations by **building valuable customer relationships and working seamlessly with people at all levels of an organization**, including stakeholders, management, team members and customers. His data-driven approach and ability to develop innovative and scalable solutions to industry challenges have made him a prominent leader in his field.

## Mr. Arens, Manuel
