Certificate

tech 06 | Introduction

Sometimes the low performance of a student is a product of social exclusion, since, feeling completely isolated by some kind of categorization, their perspective and mood decreases notoriously. This generates a series of problems not only at the school level but also in life itself, which is why a professional with broad integration skills is needed in the classroom to allow children and young people to feel in a more friendly and enjoyable school environment.

That is why, as a contribution to the educational field, TECH has created this program for all professionals who wish to delve deeper into the field of Inclusive Education. So that the development of this Postgraduate Certificate will allow the educator to delve into key aspects such as diversity, methodological guidelines, multilevel teaching and the implementation of new technologies.

The resources of this program will be presented through the Virtual Campus. It is worth mentioning that it consists of high-impact informative material, explanatory videos and exercises based on real cases, implementing the Relearning methodology. Another feature of this training is that it can be developed from anywhere in the world and without pre-established schedules, so there will be no excuse to implement new knowledge to daily practice and meet the challenges of inclusive education.

This **Postgraduate Certificate in Inclusive Education and Social Inclusion** contains the most complete and up-to-date educational program on the market. The most important features include:

- The development of case studies presented by experts in Inclusive Education and Social Inclusion
- The graphic, schematic, and practical contents with which they are created, provide practical information on the disciplines that are essential for professional practice
- Practical exercises where the self-assessment process can be carried out to improve learning
- Its special emphasis on innovative methodologies
- Theoretical lessons, questions to the expert, debate forums on controversial topics, and individual reflection assignments
- Content that is accessible from any fixed or portable device with an Internet connection

Download the syllabus to your everyday device and review it at a time and place that works best for you"

The program includes in its teaching staff, professionals of the sector who pour in this training the experience of their work, in addition to recognized specialists of reference societies and prestigious universities.

Its multimedia content, developed with the latest educational technology, will allow the professional a situated and contextual learning, that is, a simulated environment that will provide an immersive education programmed to prepare in real situations.

The design of this program focuses on Problem-Based Learning, by means of which the professionals must try to solve the different professional practice situations that are presented throughout the academic course. For this purpose, the students will be assisted by an innovative interactive video system created by renowned experts.

Recognize the most common barriers to exclusion and find the most effective strategies to overcome them.

Implement digital media into your practice and individualize learning in the classroom.

tech 10 | Objectives

General Objectives

- Enable the student to teach in situations of risk of exclusion
- Define the main characteristics of Inclusive Education
- Employ techniques and strategies to deal with the diversity of students, and with the educational community: families and the community
- Analyze the role of teachers and families in the context of inclusive education
- Interpret all the elements and aspects concerning teacher preparation in inclusive schools
- Develop in the student ability to develop their own methodology and work system
- Internalize the typology of at-risk and socially excluded students, and how the educational system should respond to them
- Describe the functioning of the child and youth protection system
- Study the different types of protection measures and their treatment in the school environment
- Analyze situations of child abuse and the protocols for action by the psychology professional
- Identify the stages of development from birth to adolescence; achieving that students
 have their own judgment to establish the effects that cognitive, communicative, motor
 and emotional processes have on child development
- Detect different risk factors that may alter development throughout the life cycle
- Describe the general circumstances of students under guardianship and how these may affect their education
- Learn how to respond to students under guardianship and their families in the school environment
- Apply mediation as a pedagogical tool for conflict resolution and harmony the educational community

Specific Objectives

- Describe key concepts related to educational and social inclusion
- Explain the traditional methods of education
- Define the fundamental methods of Inclusive Education
- Identify student needs
- Identify the needs and possibilities of the educational center
- Plan an educational response adapted to the needs

Delve into traditional teaching methods and identify the best ones to develop them in your educational institution"

International Guest Director

Cathy Little, Ph.D. in Education, has a long career teaching children and young people in Pre-School and Primary Education centers. In particular, she is noted for her extensive experience in Special Education centers, where she has taught students with Autism Spectrum Disorders and Behavioral Disorders. In this field, she was assistant director of a Support Unit attached to a prestigious elementary school. She has also taught at both undergraduate and postgraduate levels and has held the position of Director of Initial Teacher Education at the University of Sydney.

Throughout her career she has proven to be an educator who is passionate about providing an engaging and positive educational experience for all students. Her areas of interest are high support needs and positive behavioral guidelines. Therefore, her research work has focused on the study of efficient pedagogical models that address the most complex learning difficulties.

In this line, one of her projects has dealt with teachers' attitudes and social inclusion of students with Asperger syndrome. She has also collaborated with Srinakharinwirot University in Bangkok to investigate the behavior, knowledge and perceptions of Thai teachers about children and adolescents with Autism Spectrum Disorder. She is also a member of the International Society for Autism Research and a member of the Australian Special Education Association.

She has an extensive list of published scientific articles and conference papers on education. She has also published the book Supporting Social Inclusion for Students with Autism Spectrum Disorders. For all this, she has been awarded twice with the Teaching Excellence Award from the Faculty of Education and Social Work of the University of Sydney.

Dra. Little, Cathy

- Director of Initial Teacher Education, University of Sydney, Australia
- Deputy Director of a Primary School Support Unit
- Teacher in pre-school, primary and special education schools
- PhD in Education
- Master's Degree in Special Education, University of Syndey
- Master's Degree in Pre-school Education, University of Wollongong
- Master's Degree in Pre-School Teaching from Macquarie University
- Bachelor's Degree in Primary Education from the University of Syndey
- Member of:
- Australian Society for Autism Research
- International Society for Autism Research

Thanks to TECH, you will be able to learn with the best professionals in the world"

Management

Mr. Notario Pardo, Francisco

- Family and School Mediator, and Official Court Expert
- Supervising Officer of the Department in Generalitat Valenciana
- Social Educator of the Basic Primary Care Intervention Team of Social Services in the City Council of Alcoy
- Official Judicial Expert in Family Courts and Juvenile Prosecutor's Office
- Interim Social Educator in Generalitat Valenciana
- Intervention Technician in Foster Care for the Trama Center Association
- Coordinator of the Foster Care Intervention Center in Alicante
- Director of the Professional Master's Degree in Inclusive in Education for Children in Social Risk Situations
- Degree in Pedagogy from the University of Valencia
- Postgraduate Certificate in Social Educational from the University of Valencia
- Diploma in Intervention with Families at Risk and Minors with Antisocial Behavior University of Valencia
- Specialization in Intervention and Therapy in Special Educational Needs and Socio-educational Needs by the Official College of Pedagogues and Psychopedagogues of the Valencian Community
- Official Judicial Expert by the Pedagogues and Psychopedagogues of the Valencian Community
- Vocational Training Teacher for Employment by the Servef Centre
- University Certificate in Family and School Mediation Catholic University of Valencia San Vicente Mártir
- Postgraduate Diploma in Social Inclusion and Inclusive Education by CEU Cardenal Herrera University
- Postgraduate Diploma in Intervention with Families at Risk and Minors with Antisocial Behavior

Professors

Ms. Antón Ortega, Noelia

- Therapeutic Pedagogue
- Special Education Teacher in the CEIP Miguel Hernández
- Postgraduate Certificate in Special Education Teacher
- Professional Master's Degree in Neuropsychology and Education
- Training in ASD, ABN algorithm, ICT in the classroom, school bullying, educating by competences, emotional intelligence and child abuse, among others

Ms. Antón Ortega, Patricia

- Specialist in child abuse and cognitive-behavioral therapy
- Psychologist at CIAF Family Foster Care Intervention Center of Alicante
- Postgraduate Certificate in Social Work and Bachelor's Degree in Psychology
- Postgraduate Degree in Clinical Psychopathology and in Foster Care and Adoption
- Professional Master's Degree in Children and Youth at Social Risk
- Postgraduate Diploma in Psychological Disorders in Childhood and Adolescence
- Specialist in Child Abuse and Cognitive-Behavioral Therapy in Childhood and Adolescence

Ms. Beltrán Catalán, María

- Pedagogue Therapist at Oriéntate con María
- Founder and Co-Director of PostBullying Spanish Association
- PhDCum Laude in Psychology from the University of Cordoba
- Winner of the Young Award for Scientific Culture 2019, granted by the Spanish National Research Council (CSIC) and the City Council of Seville

Ms. Pérez López, Juana

- Pedagogue Expert in Child Development and Early Attention Center, (CDIAT)
- Director of Child and Educational Therapy Centers Walk With Me
- Autonomous Production in Pedagogical Reeducation
- Pedagogical Advisor/Children and Primary School Material at Editorial Teide
- Degree in Pedagogy from the University of Murcia
- Professional Master's Degree in Child Development and Early Care by the University of Valencia
- Early Detection of Early Childhood Difficulties, Neuromotor Risk Assessment and Design of Psychopraxis Treatment Plans
- Judicial expert on families and minors at the Official College of Pedagogues and Psychopedagogues of the Valencian Community
- Certificate of Professionalism in Teaching Vocational Training for Employment by the Ministry of Education and Vocational Training
- Certificate in Learning Difficulties and Behavior Disorders from the University of Murcia
- Postgraduate Diploma in Didactics of Reading and Writing of Infant and Primary Language by the University CEU Cardenal Herrera

 - 1.6.3.1. What is DUA?
 - 1.6.3.2. UDL Principles
 - 1.6.3.3. The Application of the UDL to the Curriculum
 - 1.6.3.4. Digital Resources and UDL
 - 1.6.4. Digital Media to Individualize Classroom Learning

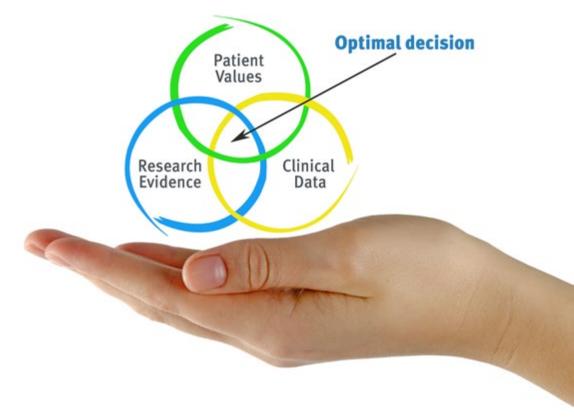

tech 26 | Methodology

At TECH Education School we use the Case Method

In a given situation, what should a professional do? Throughout the program students will be presented with multiple simulated cases based on real situations, where they will have to investigate, establish hypotheses and, finally, resolve the situation. There is an abundance of scientific evidence on the effectiveness of the method.

With TECH, educators can experience a learning methodology that is shaking the foundations of traditional universities around the world.

It is a technique that develops critical skills and prepares educators to make decisions, defend their arguments, and contrast opinions.

Did you know that this method was developed in 1912, at Harvard, for law students? The case method consisted of presenting students with real-life, complex situations for them to make decisions and justify their decisions on how to solve them. In 1924, Harvard adopted it as a standard teaching method"

The effectiveness of the method is justified by four fundamental achievements:

- Educators who follow this method not only grasp concepts, but also develop their mental capacity, by evaluating real situations and applying their knowledge.
- 2. The learning process is solidly focused on practical skills that allow educators to better integrate the knowledge into daily practice.
- **3.** Ideas and concepts are understood more efficiently, given that the example situations are based on real-life teaching.
- **4.** Students like to feel that the effort they put into their studies is worthwhile. This then translates into a greater interest in learning and more time dedicated to working on the course.

tech 28 | Methodology

Relearning Methodology

At TECH we enhance the case method with the best 100% online teaching methodology available: Relearning.

Our University is the first in the world to combine case studies with a 100% online learning system based on repetition, combining a minimum of 8 different elements in each lesson, which represent a real revolution with respect to simply studying and analyzing cases.

Educators will learn through real cases and by solving complex situations in simulated learning environments. These simulations are developed using state-of-the-art software to facilitate immersive learning.

Methodology | 29 tech

At the forefront of world teaching, the Relearning method has managed to improve the overall satisfaction levels of professionals who complete their studies, with respect to the quality indicators of the best online university (Columbia University).

With this methodology we have trained more than 85,000 educators with unprecedented success in all specialties. All this in a highly demanding environment, where the students have a strong socio-economic profile and an average age of 43.5 years.

Relearning will allow you to learn with less effort and better performance, involving you more in your specialization, developing a critical mindset, defending arguments, and contrasting opinions: a direct equation to success.

In our program, learning is not a linear process, but rather a spiral (learn, unlearn, forget, and re-learn). Therefore, we combine each of these elements concentrically.

The overall score obtained by our learning system is 8.01, according to the highest international standards.

tech 30 | Methodology

This program offers the best educational material, prepared with professionals in mind:

Study Material

All teaching material is produced by the specialist educators who teach the course, specifically for the course, so that the teaching content is really specific and precise.

These contents are then applied to the audiovisual format, to create the TECH online working method. All this, with the latest techniques that offer high quality pieces in each and every one of the materials that are made available to the student.

Educational Techniques and Procedures on Video

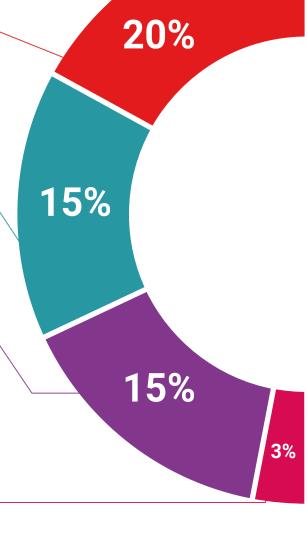

TECH introduces students to the latest techniques, with the latest educational advances, and to the forefront of Education. All this, first-hand, with the maximum rigor, explained and detailed for your assimilation and understanding. And best of all, you can watch them as many times as you want.

Interactive Summaries

The TECH team presents the contents attractively and dynamically in multimedia lessons that include audio, videos, images, diagrams, and concept maps in order to reinforce knowledge.

This exclusive multimedia content presentation training Exclusive system was awarded by Microsoft as a "European Success Story".

Additional Reading

Recent articles, consensus documents and international guidelines, among others. In TECH's virtual library, students will have access to everything they need to complete their course.

Expert-Led Case Studies and Case Analysis Effective learning ought to be contextual. Therefore, TECH presents real cases in which the expert will guide students, focusing on and solving the different situations: a clear and direct way to achieve the highest degree of understanding.

Testing & Retesting

We periodically evaluate and re-evaluate students' knowledge throughout the program, through assessment and self-assessment activities and exercises: so that they can see how they are achieving your goals.

Classes

There is scientific evidence suggesting that observing third-party experts can be useful.

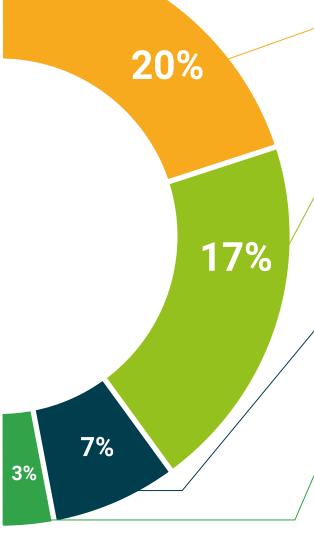

Learning from an Expert strengthens knowledge and memory, and generates confidence in future difficult decisions.

Quick Action Guides

TECH offers the most relevant contents of the course in the form of worksheets or quick action guides. A synthetic, practical, and effective way to help students progress in their learning.

tech 32 | Certificate

This program will allow you to obtain your **Postgraduate Certificate in Inclusive Education** and **Social Inclusion** endorsed by **TECH Global University**, the world's largest online university.

TECH Global University is an official European University publicly recognized by the Government of Andorra (*official bulletin*). Andorra is part of the European Higher Education Area (EHEA) since 2003. The EHEA is an initiative promoted by the European Union that aims to organize the international training framework and harmonize the higher education systems of the member countries of this space. The project promotes common values, the implementation of collaborative tools and strengthening its quality assurance mechanisms to enhance collaboration and mobility among students, researchers and academics.

This **TECH Global University** title is a European program of continuing education and professional updating that guarantees the acquisition of competencies in its area of knowledge, providing a high curricular value to the student who completes the program.

Title: Postgraduate Certificate in Inclusive Education and Social Inclusion

Modality: online

Duration: 6 weeks

Accreditation: 4 ECTS

has successfully passed and obtained the title of:

Postgraduate Certificate in Inclusive Education and Social Inclusion

This is a program of 120 hours of duration equivalent to 4 ECTS, with a start date of dd/mm/yyyy and an end date of dd/mm/yyyy.

TECH Global University is a university officially recognized by the Government of Andorra on the 31st of January of 2024, which belongs to the European Higher Education Area (EHEA).

In Andorra la Vella, on the 28th of February of 2024

^{*}Apostille Convention. In the event that the student wishes to have their paper diploma issued with an apostille, TECH Global University will make the necessary arrangements to obtain it, at an additional cost.
