01

Introduction

Nurses are professionals who are in constant contact with patients. Therefore, it is important that they are trained to study elderly personalities, in order to achieve more personalized care and, therefore, improvements in their health.

“

Take the step to study with us and become qualified to care for elderly patients with total safety and rigor”

The nursing profession is developed in different specialties and, therefore, it is important that nurses are constantly updating their knowledge, taking into account the area in which they carry out their daily work. In the case of psychogeriatrics, professionals must have in depth knowledge of the different situations that can affect the elderly.

In this case, TECH has created a Postgraduate Certificate about the study of personalities of elderly patients, with the aim of training professionals to provide more personalized care according to their characteristics. This high quality program has been created by the main professionals in the field and with the most up to date contents, so that nurses only have to be willing to study.

In addition, as this is a 100% online program, nurses will be able to combine the study of this Postgraduate Certificate with the rest of their daily obligations, choosing at all times where and when to study. A high level program that will take nursing professionals to the highest level in their field.

This **Postgraduate Certificate in Study of Personality in the Elderly for Nursing** contains the most complete and up-to-date scientific program on the market. The most important features include:

- Practical cases presented by experts in Psychogeriatrics
- The graphic, schematic, and practical contents with which they are created, provide scientific and practical information on the disciplines that are essential for professional practice
- Practical exercises where self assessment can be used to improve learning
- Its special emphasis on innovative methodologies in the Study of Personality in the Elderly for Nursing
- Theoretical lessons, questions to the expert, debate forums on controversial topics, and individual reflection assignments
- Content that is accessible from any fixed or portable device with an Internet connection

Become qualified with this high quality Postgraduate Certificate and give a boost to your profession"

“

This Postgraduate Certificate is the best investment you can make in the selection of a refresher program for two reasons: in addition to updating your knowledge in the Study of Personality in the Elderly Nursing, you will obtain a qualification endorsed by TECH Global University"

The teaching staff includes professionals from the field of psychogeriatrics, who bring their experience to this educational program, as well as renowned specialists from leading societies and prestigious universities.

Its multimedia content, developed with the latest educational technology, will allow professionals to learn in a contextual and situated learning environment, i.e., a simulated environment that will provide immersive education programmed to learn in real situations.

The design of this program focuses on Problem-Based Learning, by means of which nurses must try to solve the different professional practice situations that arise during the academic year. For this purpose, professionals will be assisted by an innovative interactive video system developed by renowned and experienced experts in the study of personality in the elderly.

Continue your education with us and increase your decision-making confidence.

Don't miss the opportunity to improve your professional skills. We offer you the best teaching methodology and the latest educational technology.

02 Objectives

The Postgraduate Certificate in the Study of Personality in the Elderly for Nursing is aimed at facilitating the performance of nurses, so that they can keep their knowledge up to date to exercise their professional practice with total confidence.

“

This Postgraduate Certificate will allow you to update your knowledge, with the use of the latest educational technology, to contribute with quality and confidence to the decision-making process"

General Objectives

- Provide the student with knowledge of the infinite complexity of old age
- Provide skills to deal with the psychological state of the elderly
- Learn how to design multidisciplinary intervention protocols for old age
- Master evaluation, differential diagnosis and intervention in old age
- Provide the skills to support individuals in old age from the here and now
- Describe and teach the knowledge required to face illnesses related to ageing and their relationship with the life lived

Specific Objectives

- Perform and adapt intervention protocols within an interdisciplinary framework
- Develop psychosocial intervention protocols, taking into account the role of the patient in their family

“

*Our goal is to achieve
academic excellence and we
will help you achieve it too”*

03

Course Management

For our Postgraduate Certificate to be of the highest quality, we are proud to work with a teaching staff of the highest level, chosen for their proven track record in the field of education. Professionals from different areas and fields of expertise that make up a complete, multidisciplinary team. A unique opportunity to learn from the best.

“

Our teachers will put their experience and teaching skills at your disposal to offer you a stimulating and creative program”

International Guest Director

Dr. Abby Altman is a renowned **Psychologist** specialized in **Anthropology** and **Philosophy**. Her line of work focuses on providing personalized therapeutic plans to patients with conditions such as **Cognitive Impairment** or **Dementia** in order to optimize their long-term quality of life.

Her passion for integrating **behavioral health** into primary care has led her to lead important programs focused on **mental wellness**. One example is **iCBT**, which promotes **neurological resilience**. In addition, during her career, she has held strategic roles such as the **Director of Brain Support and Wellness Services** at Brigham and Women's Hospital in Massachusetts.

Moreover, her leadership skills in healthcare settings have allowed her to contribute to the comprehensive training of specialists. In this way, she has contributed to physicians developing a **multidisciplinary approach** based on behavioral change.

It should be noted that her work has been recognized internationally on multiple occasions. One of his main contributions is the **digital approach** in the field of **Geriatric Psychotherapy**. In this way, she has received a variety of awards for her work in improving access to **mental health** and the use of **motivational interviewing** to promote behavior change in users.

Firmly committed to progress in this area, she has balanced this work with her role as a **Clinical Researcher**. As such, she has conducted multiple exhaustive analyses on topics such as loneliness, behavioral patterns or the adaptation of **Cognitive-Behavioral Therapies**.

She is also a member of the **Motivational Interviewing Trainers Network**. In this organization she participates in the design of educational programs and didactic materials of this technique for different contexts, from Primary Care to Addictions management.

Dr. Altman, Abby

- Co-director of Neurological Wellness at Brigham and Women's Hospital in Boston, United States
- Geropsychologist at Brigham and Women's Hospital
- Clinical Leader, iCBT program at Brigham and Women's Hospital
- Psychologist at Brigham and Women's Hospital
- Director of Psychology Education at Brigham and Women's Hospital
- Subject Matter Expert at Inflect Health Advisory
- Assistant Project Coordinator at Boston VA Research Institute
- Clinical Psychology Intern at Bay Pines VA Healthcare System
- Behavioral Specialist at Eldercare Assessment & Resources
- Ph.D. in Philosophy at Lehigh University

“

Thanks to TECH, you will be able to learn with the best professionals in the world”

Management

Dr. Aguado Romo, Roberto

- Psychologist specializing in Clinical Psychology
- Psychologist European specialist in Psychotherapy
- Managing Director of the evaluation and psychotherapy centers in Madrid, Bilbao and Talavera de la Reina
- Author of Time-Limited Psychotherapy
- Researcher at CerNet, Emotional Network, and European Institute for Time-Limited Psychotherapies

Professors

Dr. Fernandez, Angel

- ♦ Director of the Evaluation and Psychotherapy Center of Madrid
- ♦ European specialist psychologist in Psychotherapy from the EFPA
- ♦ Health Psychologist
- ♦ Master's Degree in Clinical and Health Psychology
- ♦ Tutor in charge of the Psychodiagnosis and Psychological Intervention area of the CEP
- ♦ Author of the TEN technique
- ♦ Head of studies on the Master's Degree in Time-Limited Psychotherapy and Health Psychology
- ♦ Specialist in Clinical Hypnosis and Relaxation

Dr. Zabala-Baños, María Carmen

- ♦ PhD in Psychology from University of Castilla - La Mancha
- ♦ Health Psychologist. Master's Degree in Clinical and Health Psychology
- ♦ Master's Degree in Time-Limited Psychotherapy and Health Psychology
- ♦ Psychosocial and Work Rehabilitation Specialist
- ♦ UCLM European specialist psychologist in psychotherapy. EFPA
- ♦ Specialist in Clinical Hypnosis and Relaxation

Dr. Anasagasti, Aritz

- ♦ European specialist psychologist in Psychotherapy from the EFPA at the CEP health center in Bilbao
- ♦ President of Emotional Network
- ♦ Master's Degree in Time-Limited Psychotherapy and Health Psychology
- ♦ Psychogeriatrics Specialist
- ♦ Creator of the home-based intervention
- ♦ Member of the Basque Association of Gestalt Therapy
- ♦ Reciprocal Interaction Psychotherapist
- ♦ Specialist in neurodegenerative diseases from the University of the Basque Country
- ♦ Responsible for the computer development of Emotional Management and Treatment in the Elderly

Dr. Kaiser, Carlos

- ♦ Head of the Otolaryngology department at Segovia General Hospital.
- ♦ Otolaryngology medical specialist
- ♦ Member of the Royal Academy of Medicine of Salamanca
- ♦ Master's Degree in Time-Limited Psychotherapy and Health Psychology. Expert in Psychosomatic Medicine

Dr. Martínez-Lorca, Manuela

- ♦ Doctorate in Psychology from the University of Castilla-La Mancha
- ♦ Health Psychologist. Lecturer in the Department of Psychology at the UCLM
- ♦ Master's Degree in Time-Limited Psychotherapy and Health Psychology by the European Institute of Time-Limited Psychotherapies
- ♦ Specialist in Clinical Hypnosis and Relaxation

Dr. Martínez Lorca, Alberto

- ♦ Specialist in Nuclear Medicine
- ♦ Specialist in nuclear medicine area at the Rey Juan Carlos-Quirón University Hospital
- ♦ International Residency in Turku PET Centre
- ♦ Turku University Hospital. Finland
- ♦ Medical Education Manager
- ♦ Master's Degree in Time-Limited Psychotherapy and Health Psychology
- ♦ Coaching V.E.C.
- ♦ Director of Neurological Studies at CEP in Madrid
- ♦ Specialist in Neurology of Dreams and their Disorders
- ♦ Disseminator for the children's population (Teddy Bear Hospital)

Dr. Otero, Verónica

- ♦ European specialist psychologist in Psychotherapy at the CEP health center in Bilbao
- ♦ Head of the children and youth area of intervention with PTL in the CEP of Bilbao
- ♦ Master's Degree in Time-Limited Psychotherapy and Health Psychology
- ♦ Child and Adolescent Specialist

Dr. Roldán, Lucía

- ♦ Health Psychologist
- ♦ Cognitive-behavioral intervention specialist
- ♦ Master's Degree in Time-Limited Psychotherapy and Health Psychology
- ♦ Expert in energy therapy intervention

04

Structure and Content

The structure of the contents has been designed by the best professionals in the psychogeriatrics sector, with extensive experience and recognized prestige in the profession, backed by the volume of reviewed, studied and diagnosed cases, and with extensive knowledge of new technologies applied to education.

“

We have the most complete program on the market. We strive for excellence and for you to achieve it too”

Module 1. Aging from the Perspective of Personality Traits

- 1.1. Personality Studies and Theories on the Process of Aging
- 1.2. Social Dynamics and Role of the Elderly Person
- 1.3. Experiences and Current Research in Psychogeriatrics
- 1.4. Negative Changes in Personality:
 - 1.4.1. Egocentrism
 - 1.4.2. Dependency
 - 1.4.3. Dogmatism
 - 1.4.4. Stiffness
 - 1.4.5. Intolerance
 - 1.4.6. Disobedience
 - 1.4.7. Pessimism
 - 1.4.8. Impatience
 - 1.4.9. Disrespectful
 - 1.4.10. Insecure
 - 1.4.11. Gnarly
 - 1.4.12. Associable
- 1.5. Positive Changes in Personality
 - 1.5.1. Sincerity
 - 1.5.2. Calmness
 - 1.5.3. Unconcerned
 - 1.5.4. Discrete
 - 1.5.5. Straightforward
 - 1.5.6. Generous
 - 1.5.7. Tender
 - 1.5.8. Honest
 - 1.5.9. Humble
 - 1.5.10. Kind
 - 1.5.11. Confident
 - 1.5.12. Understanding

- 1.6. How Do Personality Disorders Affect the Elderly?
- 1.7. Research in Personality Disorders in Old Age
 - 1.7.1. Schizoid Personality Disorder
 - 1.7.2. Dependency-Based Personality Disorder
 - 1.7.3. Obsessive Compulsive Personality Disorder
 - 1.7.4. Narcissistic Personality Disorder
 - 1.7.5. Paranoid Personality Disorder
- 1.8. The Aging Process Improves or Worsens Personality Disorders
- 1.9. Situation for the Study and Evaluation of Personality Disorders in Old Age

“

A unique, key, and decisive educational experience to boost your professional development”

05

Methodology

This academic program offers students a different way of learning. Our methodology uses a cyclical learning approach: **Relearning**.

This teaching system is used, for example, in the most prestigious medical schools in the world, and major publications such as the **New England Journal of Medicine** have considered it to be one of the most effective.

“

Discover Relearning, a system that abandons conventional linear learning, to take you through cyclical teaching systems: a way of learning that has proven to be extremely effective, especially in subjects that require memorization"

At TECH Nursing School we use the Case Method

In a given situation, what should a professional do? Throughout the program, students will face multiple simulated clinical cases, based on real patients, in which they will have to do research, establish hypotheses, and ultimately resolve the situation. There is an abundance of scientific evidence on the effectiveness of the method. Nurses learn better, faster, and more sustainably over time.

With TECH, nurses can experience a learning methodology that is shaking the foundations of traditional universities around the world.

According to Dr. Gérvas, the clinical case is the annotated presentation of a patient, or group of patients, which becomes a "case", an example or model that illustrates some peculiar clinical component, either because of its teaching power or because of its uniqueness or rarity. It is essential that the case is based on current professional life, in an attempt to recreate the real conditions in professional nursing practice.

“

Did you know that this method was developed in 1912, at Harvard, for law students? The case method consisted of presenting students with real-life, complex situations for them to make decisions and justify their decisions on how to solve them. In 1924, Harvard adopted it as a standard teaching method”

The effectiveness of the method is justified by four fundamental achievements:

1. Nurses who follow this method not only grasp concepts, but also develop their mental capacity, by evaluating real situations and applying their knowledge.
2. The learning process has a clear focus on practical skills that allow the nursing professional to better integrate knowledge acquisition into the hospital setting or primary care.
3. Ideas and concepts are understood more efficiently, given that the example situations are based on real-life.
4. Students like to feel that the effort they put into their studies is worthwhile. This then translates into a greater interest in learning and more time dedicated to working on the course.

Relearning Methodology

At TECH we enhance the case method with the best 100% online teaching methodology available: Relearning.

This university is the first in the world to combine case studies with a 100% online learning system based on repetition combining a minimum of 8 different elements in each lesson, which is a real revolution compared to the simple study and analysis of cases.

The nurse will learn through real cases and by solving complex situations in simulated learning environments. These simulations are developed using state-of-the-art software to facilitate immersive learning.

At the forefront of world teaching, the Relearning method has managed to improve the overall satisfaction levels of professionals who complete their studies, with respect to the quality indicators of the best online university (Columbia University).

With this methodology we have trained more than 175,000 nurses with unprecedented success in all specialities regardless of practical workload. Our pedagogical methodology is developed in a highly competitive environment, with a university student body with a strong socioeconomic profile and an average age of 43.5 years old.

Relearning will allow you to learn with less effort and better performance, involving you more in your specialization, developing a critical mindset, defending arguments, and contrasting opinions: a direct equation to success.

In our program, learning is not a linear process, but rather a spiral (learn, unlearn, forget, and re-learn). Therefore, we combine each of these elements concentrically.

The overall score obtained by TECH's learning system is 8.01, according to the highest international standards.

This program offers the best educational material, prepared with professionals in mind:

Study Material

All teaching material is produced by the specialists who teach the course, specifically for the course, so that the teaching content is really specific and precise.

These contents are then applied to the audiovisual format, to create the TECH online working method. All this, with the latest techniques that offer high quality pieces in each and every one of the materials that are made available to the student.

Nursing Techniques and Procedures on Video

We introduce you to the latest techniques, to the latest educational advances, to the forefront of current medical techniques. All of this in direct contact with students and explained in detail so as to aid their assimilation and understanding. And best of all, you can watch them as many times as you want.

Interactive Summaries

The TECH team presents the contents attractively and dynamically in multimedia lessons that include audio, videos, images, diagrams, and concept maps in order to reinforce knowledge.

This exclusive educational system for presenting multimedia content was awarded by Microsoft as a "European Success Story".

Additional Reading

Recent articles, consensus documents and international guidelines, among others. In TECH's virtual library, students will have access to everything they need to complete their course.

Expert-Led Case Studies and Case Analysis

Effective learning ought to be contextual. Therefore, TECH presents real cases in which the expert will guide students, focusing on and solving the different situations: a clear and direct way to achieve the highest degree of understanding.

Testing & Retesting

We periodically evaluate and re-evaluate students' knowledge throughout the program, through assessment and self-assessment activities and exercises, so that they can see how they are achieving their goals.

Classes

There is scientific evidence suggesting that observing third-party experts can be useful.
Learning from an Expert strengthens knowledge and memory, and generates confidence in future difficult decisions.

Quick Action Guides

TECH offers the most relevant contents of the course in the form of worksheets or quick action guides. A synthetic, practical, and effective way to help students progress in their learning.

06

Certificate

The Postgraduate Certificate in Study of Personality in the Elderly for Nursing guarantees students, in addition to the most rigorous and up to date education, access to a Postgraduate Certificate issued by TECH Global University.

Successfully complete this program and receive your university qualification without having to travel or fill out laborious paperwork"

This program will allow you to obtain your **Postgraduate Certificate in Study of Personality in the Elderly for Nursing** endorsed by **TECH Global University**, the world's largest online university.

TECH Global University is an official European University publicly recognized by the Government of Andorra ([official bulletin](#)). Andorra is part of the European Higher Education Area (EHEA) since 2003. The EHEA is an initiative promoted by the European Union that aims to organize the international training framework and harmonize the higher education systems of the member countries of this space. The project promotes common values, the implementation of collaborative tools and strengthening its quality assurance mechanisms to enhance collaboration and mobility among students, researchers and academics.

This **TECH Global University** title is a European program of continuing education and professional updating that guarantees the acquisition of competencies in its area of knowledge, providing a high curricular value to the student who completes the program.

Title: **Postgraduate Certificate in Study of Personality in the Elderly for Nursing**
